

Anatomy of an Adult Film

Anatomy of an Adult Film is a one-of-a-kind, original book, an accurate description of a vast industry, as revealed by inside experts. Anatomy of an Adult Film is very entertaining reading. If anyone knows the pornography business, Sunset Thomas does. She writes about our world of flesh and money with the insight and knowledge of a true insider. Like all great confessionals, Anatomy of an Adult Film tells it like it is and keeps it sexy as hell. --Larry Flynt Having known Sunset for almost two decades (more than most people), I can speak with authority when I attest to the fact that no one knows the business better. Having seen it from so many perspectives...actress, contract player, centerfold, cover girl, strip club owner, brothel worker, columnist, etc. etc. (Get the picture?)...her insights are entertaining and valuable. In addition, years after Heidi Fleiss was out of business, Sunset became the biggest adult star to enter the world of escorting. Many others then took her lead and that says a lot. This story makes for a great read. --Ron Jeremy Sunset Thomas has gone where few women have dared to go and has come back with a great tale to tell. Her experience and insight make this an entertaining and fun read, full of the little details that only an insider can render to the reader. If you thought you knew anything about adult films, be prepared for an eye-opening education. --Nina Hartley
