

## Brave New Rome: Hustling Hardcore in the City of Angels

What do you think about porn? Like many people, J.R. Daeschner tended to take a live-and-let-live approach, preferring to remain ignorant and liberal rather than risk being judgmental and therefore uncool. But then he met Hustler founder Larry Flynt and the makers of Max Hardcore. With the sex business, you gotta keep ratcheting up, one porn producer told him. Its kinda like violence in movies. You gotta keep ratcheting up. People get inured at a certain point its gotta be more, greater, nastier. Filthier. Funnily enough, thats just what porns opponents say. In BRAVE NEW ROME the US section of THE HISTORY OF SEX (But Not As We Know It) J.R. travels to Hollywood to find out how America has become pornified, charting the rise of violent pornography and revealing the shocking conclusions from the few scientific studies allowed into the subject, while also interviewing Larry Flynt about his stint as a born-again Christian (even for the sultan of smut, that was an exceedingly weird period). Along the way, a veteran pornmonger tells J.R. one of the most chilling quotes in his career: At some point, the girls would realize God! I am really a whore by showing up today, and by agreeing to do this. You could see and the editor and I would joke about it you could see when the girl checked out. The whole rest of the scene, whether its five more minutes or twenty-five more minutes, the girls just gonna be a victim. And all they want all they want, JR is for the scene to be over. You could see it in their eyes. Theyre just waiting for the scene to be over. Recommended for fans of Pornified by Pamela Paul, Female Chauvinist Pigs by Ariel Levy, and Amusing Ourselves to Death by Neil Postman.
