

Conexiones: Comunicacion Y Cultura (Workbook/Lab Manual) (Spanish Edition)

The organization of the Workbook parallels that of the main text and it also provides useful review for students. The Workbook offers further practice of each chapter's vocabulary and grammatical structures through form-based exercises including sentence-building activities, completion exercises, fill-ins, and realia-based activities. The Lab Manual activities are used in conjunction with the Audioprogram recordings of listening comprehension passages. Listening strands include recordings of authentic conversations, interviews, announcements, news reports, and so on. A variety of comprehension-check and information-processing activities follow each listening passage. Answers to these activities are found at the end of the Workbook/Lab Manual.
