

The Ancient Martyrdom Accounts of Peter and Paul (Writings from the Greco-Roman World)

New English translations based upon the most up-to-date critical editions. This book for the first time collects the various ancient accounts of the martyrdoms of Peter and Paul, which number more than a dozen, along with more than forty references to the martyrdoms from early Christian literature. At last a more complete picture of the traditions about the deaths of Peter and Paul is able to emerge. Features: Greek, Latin, and Syriac accounts from antiquity translated into English. Introductions and notes for each text. Original texts are produced on facing pages for specialists.
