Wall Street Journal Best Seller! Don't you want to be healthy like everyone else? Eject Gut-Roots of Your Sickness and Take Your Life Back! Renowned gastroenterologist and nutritionist shares his Seven-Point Digestive Restoration Plan based on Hippocrates principle that, All Illness Begins in the Gut. Dr. Minocha's Seven-X Plan for Digestive Health is a valuable contribution to the field of gastroenterology. If you are looking for a holistic whole-body solution to your digestive ailments, then this is the book for you! --Dr. Robynne Chutkan, Founder of the Digestive Center for Women. True health care reform begins with your gut! The roots of your future health were laid while you were in the womb and during your early years. Genes are only a small part of it! If you are at a loss as to what is wrong and why you can't be healthy, think about your gut. In your gut reside trillions of bacteria. Only a single microscopic cell lining separates your body from these bacteria. These bacteria, good and bad, affect your health 24/7 via the Gut-Immune-Skin-Brain axis. A treasure trove of key information on probiotics, intestinal infections, and everything you ever could want to know about the digestive system. --Chris Adamec, co-author of *Fibromyalgia for Dummies*. Your gut occupies a central role in your health! Not only are chronic digestive illnesses widespread, there continues to be a rise of autism and allergies in kids, as well as chronic pain like fibromyalgia, migraine, and interstitial cystitis in adults. Arthritis, acne, and psoriasis are widespread. All of these are associated with high-intensity GI problems. What is leaky gut and how can you strengthen it? What kind of foods should you avoid? Which probiotic should you take? What is a good way to do a colon cleanse, flush, and detox? Is there a natural treatment for IBS? Dr. Ms Seven-X Plan provides

invaluable information and answers to the above questions and a lot more. Hooray! Thanks to Dr. Minocha ... his practical Seven-X Plan is easy to understand and follow..... anyone who struggles with a digestive condition, especially those who have not found relief from traditional medicine!-- Jill Sklar, author of The First Year: Crohns Disease and Ulcerative Colitis. If the proverbial cast iron describes only other peoples stomachs, youll be fascinated by this accessible and infinitely helpful guide to your own GI system and how to keep it healthy. -- Victoria Moran, author of Main Street Vegan. Today is the first day of the rest of your life. Time to take action and get healthy is now! Take action now!
