

## The Book of the Dead

This is E. A. Wallis Budge's translation of the Egyptian Book of the Dead. Jam-packed with footnotes, this book has an extensive introductory section by Budge which covers such things as the Gods of the Book of The Dead, the Egyptians' ideas of God, the legends of Ra, Osiris, Isis and funeral ceremonies. Apart from the introduction, there is of course, the actual Book of the Dead, presented in 37 plates, with footnotes and illustrations. This edition was formatted using the Sacred Texts online book. In regards to the omission of hieroglyphs: Because of the substantial amount of hieroglyphics interspersed in the original text, I have omitted the ### glyph placeholder where context permits, for readability.
