

Creating the Accountable Organization: A Practical Guide to Improve Performance Execution

A practical guide to bringing accountability into the workplace and into the daily life of managers and staff. This book provides a working guide, through specific examples, of what accountability is; how to instill it within your company; and how to measure and quantify its effectiveness. Accountability has become significantly more important as corporate scandals have rocked the country. Here is the one book to have to bring positive change to your workplace and daily life. * By the author of The Power of Personal Accountability (Xephor, 2004) * A key topic for all corporate managers * By one of Americas foremost Accountability experts.
