

## Temples of Blood (Timemaster Adventures)

According to the Sentinel, renegades have penetrated Cuba sometime in 1519. As near as we can guess, the band of time-hoppers joined the Spanish conquistador, Hernan Cortes, who is on his way to conquer Tenochtitlan, the capital of the Aztec Empire. You probably know the place better by its later name, Mexico City. Now these renegades are probably after the legendary treasure of Moctezuma, the Aztec king. Of course, we cant be absolutely sure theres no other plan afoot. So goes another mission briefing by John Watkins, Commander of the Earth Specialty Division. Somehow, youre sure this wont be as simple as it sounds.
