

Public Sex: The Culture of Radical Sex

The most intelligent and outspoken commentator on sexual politics writing today, Pat Califia has been fuming and fussing about censorship and the rights of perverts for more than two decades. Whether writing about gender bending and transsexuality, lesbian relationships, S/M and leather sex, sex between lesbians and gay men, eroticizing latex and safer sex, prostitution, or sex in public, Califias essays clear consistent, provocative and eminently readable set the standard for writing about sex.
