

Researching Practice: A Discourse on Qualitative Methodologies

Researching practice: A discourse on qualitative methodologies explores issues, strategies and challenges associated with researching practice. The authors bring a wealth of research practice wisdom and experience to this task. The book provides critical and creative input to the discourse on qualitative research methodologies. It is divided into four sections. The first section explores the issues that frame qualitative research on practice in the 21st century. Section Two is concerned with locating the questions, practices and issues of qualitative research on practice in researchers journeys and presents a three themes - connections, transformations and challenges. Section Three makes accessible a range of qualitative approaches commonly used to research practice. The final section explores future considerations in qualitative research discourse.
