

Southern Shifters: Impawsible (Kindle Worlds Novella) (Buchanan Clan Book 1)

A wererabbit and a tiger-wolf hybrid? Impawsible! Wererabbit Bethany Buchanan hopes she can create a new life in Deals Gap, North Carolina. Home to the weird, wacky, and unwanted, it should be a place where she doesn't have to hide (much) and can be herself (mostly). When she meets Carter, a hotter than hot tiger-wolf hybrid, she knows she's found her new home. Especially when he purrs and tells her he wants to eat her in a very naughty way. Carter loves every inch of her curvy wererabbit body and is willing to do anything to make her happy. Why? Because Bethany is his mate and he'll kill to keep her. Which, as it happens, he might just have to do. You see, there's this vicious wetwork from her past and he's looking for revenge
