

The Celestial Fortune Cookie

More delight from the packager of the bestselling Secret Language series--just the right quote, every day, for every sign of the zodiac. A message from fate or a cute conversation piece? With a fortune cookie, you never know; but this delicious and surprising book of days can be both. The Celestial Fortune Cookie first describes the unifying mood or energy of a given day. It then provides each astrological sign with the perfect quotation to unlock that day's potential. These slices of insight, which trigger your own intuition--your celestial cognitive self--are from voices as diverse as Aristotle, Mae West, Mother Teresa, and Woody Allen and comprise more than four thousand quotations in all. Packaged in a two-color format with line art throughout, this beautiful holiday gift zeroes in on the uniqueness of the individual--as when, on Valentine's Day, George Bernard Shaw reminds Leo that hell is not to love anymore, whereas Madame de Staël cautions Scorpio that love is a self-love *deux*. Both astrology buffs and advice seekers of every stripe will revel in cracking open their personal quotation and pondering, like a fortune cookie, its nugget of wisdom.
