

The New Road to Serfdom: A Letter of Warning to America

In World War II, American soldiers went overseas to rescue England from the Nazi menace. Now, with America threatened from within by the specter of social democracy, British politician Daniel Hannan returns the favor. The New Road to Serfdom is a must-read rallying cry for Tea Party activists, fans of Mark Levin's Tyranny and Liberty, and anyone who has seen Hannan's hard-hitting interviews with Hannity & Colmes, Neil Cavuto, and Glenn Beck. A former president of the Oxford Conservative Association, and a member of the EU Parliament, Hannan has the insight and experience to help America recapture its distinctive ideals and avoid turning into a socialist state.
