

The Pornography Trap, 2nd Edition: A Resource for Ministry Leaders

Leaders both within the church and outside of it can deal with a sexual sin epidemic that is sweeping across churches today via the Internet and other venues. According to a Leadership Journal survey, almost two-thirds of all pastors struggle with Internet pornography. Men everywhere are living in bondage and fear of exposure. The Pornography Trap, 2nd Edition, is for pastors, leaders that may be flirting with this devastating addiction, or even those who counsel others who may have already crossed that line. Mark Laaser & Ralph Earle Jr. helps one understand the core issues related to sexual sin and give insight into developing a biblical view of healthy sexuality.
