

A World Without Porn

In this age of desire we are unfulfilled because we want more. We have been programmed to act on impulse but this leaves us guilt ridden and hollow. A World Without Porn shatters the chains of fear, lust, and greed to reacquaint those hooked on the evaporating pleasure of an ungraspable quick fix to humankind's true fulfilment: Love. However, if your desires are quenched by luxury gifts, expensive hotels, and humiliating your partner in the bedroom, you're better off reading Fifty shades of Grey. But if you want love, real love, then look no further. Erm, and there's lots of sex jokes, and that story about the speedos, and that guy with the dildo that's actually quite poignant and funny, which you don't get every day when it comes to stories about dildos, and the bloke who goes online pretending to be a lesbian, and the fifty shades of wank chapter will blow your mind. My favourite is The Number of the Beast cos it did happen! Not forgetting the straight guy whose favourite pornstar is a man I know!?!? Oh, and most importantly: nine out of ten porn users who read the A World Without Porn did not watch pornography again. (The one who did abstained for as long as he could. Try as he might he couldn't get laid, if you met him you'd see why, and after suffering rejection upon rejection he went home for a revenge wank. Let's just say he's a work in progress. He just needs a girlfriend, and a little bit of counselling wouldn't go amiss either, anyway.) A World Without Porn because all you need is love.
